

# CARING FOR CREATION WEBINAR SERIES

Join us for the fourth in our 5-Webinar Series  
on **May 25 at 7 pm** by Zoom

## Reducing Energy Waste: The Quickest, Cheapest, and Most Effective Way to Care for Creation

**HOSTED BY:**  
**ST. LUKE CATHOLIC CHURCH**  
**CARE FOR CREATION MINISTRY**

If you have ever felt helpless in the face of bleak projections for climate change, weather disasters, and loss of biodiversity, consider this: One of the cleanest, fastest, most significant, and least costly strategies for protecting God's creation is one we can **all** adopt in various ways – reducing our energy waste.

John Jimison, a St. Luke parishioner retired from a fifty-year career as an energy lawyer and Congressional staff Counsel, will suggest how we can take the best first steps toward a clean energy future by improving energy efficiency in our own homes and parishes.
